Over Seventy Families from Southeast Michigan will Receive Food Gift Baskets from Local Family-owned Business

WARREN, Mich.-- In the spirit of the holiday season, Variety FoodServices has been collecting and building holiday food/necessity baskets for deserving local families living within Genesee, Wayne, Oakland, Washtenaw, and Macomb county. Since 2007, over 300 families including adults and children have received gift baskets which contain breakfast, lunch, and dinner items along with other gifts of hats, scarves, gloves, and toiletries.

Variety FoodServices partners with local area charter schools to identify local families most in need. Once the families are selected, Variety works with suppliers for donations of food items such as turkeys, hams, potatoes, stuffing, milk, canned fruits/vegetables, cheese, and cold cereals that will carry each family for several days throughout Christmas to New Years. Donations that are not attainable through suppliers are purchased directly by the family-owned business and all baskets are assembled on-site by Variety team members.

"Our business is built on providing excellent customer service and offering a variety of food service options within Southeast Michigan," says John Nowak, CEO of Variety FoodServices. "We've been a part of the community for eighty-four years and there's no better time to show our appreciation and dedication to our local community than during the holidays."

Food gift baskets will personally be delivered by Variety FoodServices management team and school representatives beginning Thursday, December 15 through Friday, December 23 so family members can enjoy the gift items and prepare the meal on Christmas day.
